

**Biodiversity Research: Integrative Training & Education (BRITE)
Workshop
Spatial Data and Analysis in Ecological Systems
Fall 2016**

APPLICATION FORM

Last name:
First name:
Email:

Full time student at the time of the workshop (Fall 2016)? Yes No

IF YOU ANSWERED YES:

School:

Department/Program:

Degree (MSc; PhD; Other, please specify):

Year(s) into program as of 2016-17 (if applicable):

Thesis title:

Highest degree awarded (year):

IF YOU ANSWERED NO:

School/affiliation:

Title/position (post-doc; researcher; etc.):

Research specialization:

Highest degree awarded (year):

Which modules are you applying for (check all that apply)?

ALL MODULES

Introduction

Species distribution modelling

Remote sensing

Landscape connectivity &
reserve design

Spatial statistics

the **BIODIVERSITY**
RESEARCH CENTRE

THE UNIVERSITY OF
BRITISH COLUMBIA

The Biodiversity Research Centre 2370-6270 University Blvd. Vancouver, BC, CANADA V6T 1Z4
Phone: (604) 822-2131 | Fax: (604) 822-2416 | biodiversity.centre@ubc.ca

In a few paragraphs, please describe how this workshop will directly benefit your research/development as a scientist (500 word maximum).

Please email your completed application form to ubcgis2016@gmail.com by **5:00 pm PST**
September 12, 2016.
